28. [   ]   LEGISLATION Received a call
from Bob Carlstrom, OMB. He asked that we send a letter to him
indicating our major problem areas with the Office of Telecommunication
Policy's proposed report on H. R. 7341, the "Telecommunications
Privacy Act." I indicated that we would have the letter to him by COB
Thursday, 4 May.

29. [   ]   LIAISON Talked to Tom Latimer,
Staff Director, House Permanent Select Committee on Intelligence,
about the passage of information collected by DDO on the intentions
of foreign governments to influence the U.S. Congress. Chairman
Edward P. Boland (D., Mass.) has told Latimer that he is not interested
in seeing this sort of generalized reporting and that he assumes that all
foreign governments have the objective of trying to influence Congress. He
would, however, be interested in the event that a specific Congressman
were singled out for special attention.

31. [   ]   LIAISON Saw Pat Long, and Herb
Romerstein, House Permanent Select Committee on Intelligence staff, and
provided them with a copy of [   ] opening statement for   25X1
the 3 May hearing on propaganda. In addition to discussing the 3 May
hearing, they asked two questions: (1) What is the "PAS" under the Covert
Action Staff? After checking with [   ] I told them that it should be   25X1
"PAG" which stands for Political Action Group. (2) Is CIA writing
procedures for implementation of Executive Order 12036? I said that I
would check and get back to him. I have called [   ] OGC, for an   25X1
answer to this question.

32. [   ]   LIAISON Gave Pat Long, House Permanent   25X1
Select Committee on Intelligence staff, a copy of PL 93-559 (December 30, 1974)
with Sections 660 and 662 underlined. Based on advice from [   ]
SA/DO/OGC, I suggested that he also obtain a copy of PL 94-329
(1977) Section 301. All of the foregoing have a bearing on what CIA can
and cannot do with regard to terrorism.

13. (Unclassified - DFM) LIAISON Called Stan Taylor, Senate Select Committee on Intelligence staff, and discussed with him yesterday's New York Times article on the Committee's quality of intelligence study on recent Agency oil analysis. Taylor said the conclusions reported in the Times are 180 degrees off his conclusions, that as a result of the article there was pressure in the Committee to release the study at once. Taylor asked to meet with OER officials in the morning of 3 May to discuss the report. I agreed to set this up.

14. (Unclassified - DFM) LIAISON Received a call from David Bushong, Senate Select Committee on Intelligence staff, who said Senator Jake Garn (R., Utah) had asked whether there was any intelligence reporting regarding Panamanian General Omar Torrijos' claim that he would have destroyed the Panama Canal if the second Panama Treaty had not been ratified by the Senate. Bushong said he would like to see the reports if there are any and wants to know what dissemination they were given.
